# Andika Stya Hadi

Senior Product Designer · UI/UX Designer

Malang, Indonesia andhikastya.works@gmail.com +62 896-2552-2113 https://andhika-design.vercel.app/

## Summary

Product designer with 10+ years of experience designing POS, SaaS, and dashboard products across web, mobile, and tablet. Led design for Majoo and Majoolite, and now designs laundry POS and event products at Apique Group. A front-end background in HTML, CSS, and WordPress brings designs that are realistic to build and smooth to hand off to engineering.

## Experience

**Bebas Digital** • Freelance UI/UX Designer — Dec 2024 – Present

- Design websites, landing pages, mobile apps, and web dashboards for clients of bebas digital studio.

**Apique Group** • UI Designer — Aug 2024 – Present

Jakarta, Indonesia · Full-time

- Designed end-to-end tablet and mobile POS apps for laundry businesses, streamlining core user flows to support daily store operations.
- Designed the ticketing app, web dashboards, and landing page for the Laundry Innovation Summit, from visual direction to final UI.

**Majoo** • Product Designer — Jan 2020 – Jan 2024

Malang, Indonesia · Full-time

- Led design for the Majoo app, Majoolite, and the back-office dashboard across web, mobile, and tablet.
- Supervised the design division, overseeing designers' work and design quality across products.
- Partnered with engineering and marketing teams to turn the product vision into shipped features.

**Travelingyuk** • UI Engineer — Mar 2019 – Jan 2020

Malang, Indonesia · Full-time

- Designed and built the travelingyuk.com website, and designed the mobile app for discovering travel destinations and accommodations.

**Jagoan Hosting** • UI Engineer — Jan 2016 – Feb 2019

Malang, Indonesia · Full-time

- Designed site templates for jagoanweb.com and jagoanstore.com and built them as WordPress themes with a page builder.

**Smart Soft Studio** • Front End Developer — Aug 2014 – Jan 2016

Malang, Indonesia · Full-time

- Converted PSD designs into custom WordPress themes and handled client projects.
